If you're considering an ACSM certification, you may be asking, "what do I need to do to prepare?" The short of it is that there is no one-size-fits-all study plan. Every person has a different way of learning and level of experience with the material. One of the best ways to get started is to use the exam content outline. The exam content outline will give you an idea of the breadth and depth of content that will be addressed on an exam.
