### Adolf Bastian And The Psychic

Adolf Philipp Wilhelm Bastian (26 June 1826 – 2 February 1905) was a 19th-century polymath best remembered for his contributions to the development of ethnography and the development of anthropology as a discipline. Modern psychology owes him a great debt, because of his theory of the Elementargedanke, which led to Carl Jung's development of the theory of archetypes.

### Adolf Bastian - Wikipedia

Adolf Bastian was a German Ethnologist and polymath who coined the phrase "psychic unity of man." Studying divers cultural around the globe he came to understand that myths, rituals and technology was too similar in too many disparate places to be accounted for by the diffusion model of cultural artifacts and transmission of what today we would call a cultural meme.

## **Adolf Bastian and the psychic unity of mankind : the ...**

The psychic unity of humankind (or mankind) enters the anthropological lexicon in the work of Adolf Bastian (1826-1905). The idea itself, however, is too large to belong to any single person. An intimation that there is a "humanity" and that it is "one," regardless of differences of caste, age, sex, or nation, is ethnographically rare but not unique.
