network, Viasat brings real-time situational awareness and better networking capabilities to the warfighter with BFT2. The next-generation Blue Force Tracking 2 network and transceivers provide dramatic improvements in situational awareness through faster Position Location Information (PLI) refresh rates and timely Command & Control (C2) communications across the battlefield compared to the legacy system.

## **Blue Force Tracking 2 | Viasat**

Blue force tracking is a United States military term for a GPS-enabled capability that provides military commanders and forces with location information about friendly (and despite its name, also hostile) military forces. In NATO military symbology, blue typically denotes friendly forces. The capability provides a common picture of the location of friendly forces and therefore is referred to as the blue force tracker.

Here's my question to you, is the class on FBCB2, or Blue Force Tracking technology?? FBCB2 is a type of Blue Force Tracking, it's like saying MaxxPro is a Type of MRAP, is the class on MRAP's in general or is the class on specifically MAXXPRO? If the class is on BFT Technology just use Wiki to learn the concepts and explain them to whoever you are teaching along with more informative examples ...
