Linux Device Drivers 4th Edition

I've been searching, and the book "came" out, but I can't find it. For example, on the amazing amazon the third edition I can buy, and I can find the fourth edition which is not for sale, or is for sale for a ludicrous cost.. Jessica Mckellar is the author, and after some Googling I found her github with the Linux Device Drivers 4 source code!, and after reading through some of the Git commits ...

What happened to Linux Device Drivers 4th Edition? : linux

Having already helped two generations of programmers explore Linux and write devices, the fourth edition of this classic book delves into tty, USB, and HCI devices such as keyboards, in addition to basic character devices. Linux Device Drivers includes numerous full-featured examples that you can compile and run without special hardware.
