But most sharks aren't at all what people expect. In fact, those who think all sharks are giant, man-eating killers are in for a surprise. The compelling narrative, colorful illustrations, and captivating facts in Surprising Sharks reveal that sharks come in all shapes and sizes — and probably should be more afraid of humans than we are of them.

# File Type PDF Surprising Sharks Read And Wonder

For an informational book, Surprising Sharks was very enjoyable to read. There was only about two sentences of text per page, making it a quick read. The book was still packed with information about several different kinds of sharks. I also really liked the illustrations in the book because they made the sharks seem friendly and not so scary.
