Daniel Berthold-Bond, The Ethics of Authorship ...

In communication, ethics work to enhance credibility, improve the decision-making process and allow for trust between the two parties. Ethics provide the groundwork for right and wrong, allowing two parties to communicate with a basic understanding of what is expected. The purpose of ethics is to avoid doing harm and this is vital in communication ...

Why Are Ethics Important in Communication?

Authors must provide ethics approval information within the submission system, which generates an ethics statement to be included in the submission. The generated ethics statement will be included in the reviewer file, in the following format: "The animal study was reviewed and approved by [Full name and affiliation of ethics committee]".
