The Power of Reading: Insights from the Research is a great book in that it lends a different outlook on reading fluency. The central theme of the book is to encourage reading by letting the reader read anything they want: comic books, newspapers, magazines, etc.... The author believes that as long as the reader is reading fluency will occur.

The Power of Reading: Insights from the Research: Krashen ...

The book "The Power of Reading, Second Edition: Insights from the Research" by Stephen Krashen absolutely blew me away. I had no idea reading for pleasure was so beneficial. We know that learning to speak is instinctual for children, that as long as the adults around them talk to them, that language will come naturally.
