Another wide range including tech stuff, power tools, home appliances, car audio etc. It also has a predictive search feature which narrows down the search results as you type, although it didn't suggest the IP3000 printer in my search.

### 5 Websites To Download Free Online User Manuals | TechLogon

A user manual is traditionally a large book containing detailed information on many different aspects of a program, including processes and major features. This kind of document is expected to consist of more than one chapter built in a fully structured sheet with a table of contents, numerous sections, and an index at the end.
